

On Thursday the 2nd of March the B team had a netball match against Norland Place and we won 5-3. The positions were played by: Cecilia - GS & GA , Sasha - WD, Eleanor - GD, Matilda (player of the match)- C, Riya - GS & GA, Sophie - GK and I was WA. The first half of the match we were all trying to receive the ball behind the defenders, but this was not good as the ball kept getting intercepted by Norland Place.

The first point was scored by Cecilia and it was an amazing goal but soon after our goal norland place scored one point and we soon managed to score again. In the second half we had all improved a lot. We were all finding space by driving in and driving out, like this it was a lot easier to get the ball in the shooting circle as we were all cooperating and not throwing high loopy balls. Overall I think that in the first half we were rushing too much and not finding space, but in the second half we had done amazing teamwork which led to a win. The whole B team were so happy that we won our last netball match in year 6!
