

Match report:

11.05.23

On Thursday 11th of May, Year 6 had a cricket match against Norland Place. The team I was in fielded first and Maya bowled for the first batting pair. Eleanor caught a ball out almost straight away and we were all extremely happy. Norland hit a couple sixes and some fours until it was our turn to bat. Albane and Sophie started us off with many points and Albane hit a wonderful six that was smacked into the other team's boundaries! The way the batting/bowling worked, was that each batter would have four bowls at them each and the same for the bowler, they would bowl four bowls for each batter making eight bowls all together. The second pair was Maya and Caterina. Together they hit many sixes and fours. The other pairs went, there were six pairs in total and we were all very happy with the amount of points we roughly thought we had. Due to the fact the Norland Place had twelve people and we had ten so Maya and I bat twice. Maya hit an amazing three fours in a row! When Maya and I had finished batting we cleared the equipment and waited we to find out the score! When Mrs Gardner announced the score we were jumping with joy, we had won 66-32 more than double the amount of points they had. We said hip hip hooray, shook hands and said well done to Norland Place. Throughout the match there was phenomenal sportsmanship and lots of cheering. We all tried so hard and in the end it totally payed off! We were all so glad to win our fist cricket match of Year 6!
