

Match report:

08.06.2023

On Thursday the 8th of June, Year 6 had a cricket match against Glendower. Our team fielded first whilst Glendower batted. The first Glendower batting pair was being bowled to by Serena and they hit a six and a four. Pair two hit a four and got stumped out by us. When pair four was batting, one of the Glendower girls hit a very high ball, "catch!" was what everyone was saying. The ball was caught by Albane. One of the girls from that batting pair then hit *another* very high ball, this time to the right of the pitch, and Sophie caught it! We were all super happy, we had caught them out twice in a row! Then it was our turn to bat. Pair one, hit many sixes and fours and did not get caught out *once*. Then were pairs two three and four who batted with roughly the same amount of runs, many fours and sixes. Then was pair five and amongst the two girls they scored many sixes. Lastly was pair six. The last batting pair is (most of the time) the most important pair because they finish off the whole match! There was no need to doubt them because they too, scored many sixes and fours. We picked up the cones, which were used as boundaries, the wickets and bats whilst Mrs Gardner calculated the score. When Mrs Gardner announced the score, we were all extremely happy! We had won 23-55!

Throughout the match there was amazing sportsmanship and great attitude towards the game. In the end, all of our hard work payed off and we won! We cheered 'hip hip hooray' to Glendower and we congratulated each other. We were all so glad to win another cricket match of Year 6!
