

We had an awesome netball match against Garden House School. Our team won our match. The score was: 3-2

This is the best match we have had so far. The most intense moment of the game was when the Garden House team was almost about to score and they kept on trying. The best moments were when we were really close to the post and we were about to score. Another intense moment was when all of the Garden House team were all crowding around me and I couldn't pass to anyone on my team. Overall the match was amazing. And I really enjoyed it. Ava was an awesome Goal Attack. She worked really hard with Cecily to score our goals. Emily kept on standing under the post when Garden House were shooting and some way or another the ball kept falling into Emily's hands. Alix L-R was like the lightning to pass the ball.

Next Kensington Prep. Let us repeat this moment.
