Winners: Notting Hill & Ealing high school

We set off on our journey to Ealing and everyone was excited. Our first match of the term! The coach journey took about 35mins so when we arrived we didn't have much time to warm up so we did a few centre passes in our teams and then it was time for the match to begin. We all set up and Vivienne did rock paper scissors with the other centre to decide who got possession of the ball. The Notting Hill centre won and then the game started. They quickly passed to each other and got it to their D and managed to shoot a goal. We reset and this time it was a Falkner house centre. The referee blew the whistle and Vivienne passed to Naia who quickly passed to Sienna but was sadly intercepted. By the end of the first half we had managed to score a goal, we had intercepted the ball quite a lot and we showed excellent teamwork throughout. Mrs Gardner gathered us for a team chat and to see how our matches were going. She told us to stay positive and don't give up. We went back on that court with a more positive mindset and no matter what the score was at the moment we would still try our hardest. It was a Falkner house centre and Vivienne passed to Rebecca who passed to Naia and we managed to get it to our shooting third when again it was sadly intercepted. The next time it was our centre we were ready. Vivienne passed to Rebecca who then passed to Naia and then she passed to me I took a shot, it went round and round the rim and then went in we all cheered and set back up. We ended the match with two goals, amazing attacking from Naia and Sienna, some really excellent interceptions from Vivienne and Elizabeth, exquisite defending from Rebecca and Lora and an exceptional show of teamwork. We said three cheers and then we chose star players. Drumroll please It was Vivienne which was well deserved. Well done to Vivienne and everyone who played it was an excellent match and a performance to be proud of.
