

## **Y6 Falkner House Netball Match**

***We stepped on to the bus, everyone buzzing with excitement. We were playing against Notting Hill and Ealing Junior School, so we knew it would be tough. It took us four minutes to get to the school, but we were in good spirits the entire way.***

***When we arrived, we put our stuff down and went in to the area where the courts were. We then divided into teams and went onto our separate courts. Then, after finding our markers and setting up, play began.***

***Notting Hill started with the ball. We started off to a good start, with spirits high. Unfortunately, Notting Hill scored the first goal of the match. After 20 minutes of excellent play and a few goals, we were called in for a team chat. And after some words of inspiration from Miss Tucker, we were back onto the court.***

***In my opinion, we were playing a lot better now, than we were then. Notting Hill was ahead by only a little bit. We really played very well. Notting Hill had a quick change of positions, to switch it up a little bit, then the game resumed***

***Then, going into the last fifteen minutes of the game, we had another team chat. And after words of encouragement, we were back, stronger than we had been previously. We really, in my opinion, played some really excellent netball. Towards the end of the game, with about a minute to go, Kenza scored a really amazing goal. And with that, the game ended.***

***Even though we lost, we were still very proud of ourselves, because we played excellent netball. It was very fun, and we were truly going home on a high.***
