

Match Report.

Falkner vs Garden House:

Note to reader: there were only two halves (not 4/4) and the game was shorter than usual. This was because Garden House were late to arrive (don't blame them, blame the traffic). Anyway, onto the match...

This was as tense a game as any, the first half consisting of two amazing goals by our GS and GA (Isabella and Sienna.) But it wasn't all easy sailing: Garden House did not give in. Instead, they did the opposite, intercepting time and time again. The whistle blew, and we all walked over to take a well-earned break. But it wasn't over yet: there were only two goals between us, and it was still all to play for...

A showstopping goal from Garden House's GA (Audie), from what was basically the very end of the shooting circle, started the 2nd half. Back and forth the ball went, with centre (Vivienne), who later became star player, all over the court, passing and intercepting. Finally, we got a goal in, then another and still did Garden House keep playing, ruthlessly. Garden house were in the shooting third now, about to shoot, but the whistle blew. Time was up.

The sportsmanship was amazing and we were even more impressed to hear that Garden House had been playing with someone from the year below! The end score was 4,1 to us, a very close match, with excellent playing on both sides.
