

FALKNER HOUSE

Y5 and Y6 football vs St Philips 3rd October 2025

The A team showed real progress in their latest fixture against St Philips, despite the 3-0 loss. The match was a clear improvement from the previous encounter, with the team demonstrating far greater structure, determination and attacking intent.

In the first half, FHB were unfortunate not to take the lead, twice coming agonisingly close through excellent efforts from Raphael, both of which narrowly missed the target. The defense looked far more organised and composed, dealing confidently with pressure and limiting St Philips' chances.

Vosstian continues to go from strength to strength in goal, showing impressive bravery and commitment throughout. His confident saves and willingness to dive at opponents' feet inspired those in front of him.

Although the result didn't go our way, the improvement in teamwork, discipline and confidence was clear. A performance full of promise for the games ahead.
