

Baby Observations Opportunity

Are you expecting a baby in March or April 2026 and live in the Barnes, Chiswick, Putney, Central London or Paddington areas?

My name is Lara, I am a psychotherapist and I am currently training in child, adolescent and family psychotherapy at the Centre for Counselling, Psychotherapy and Education (CCPE) in London.

As part of my training, I am required to observe a baby's natural development over the course of one year. I am looking for a mother who is currently pregnant (ideally due March or April 2026) who would be willing to allow me to visit their home once a week for one hour. Observations usually begin within the first 2-4 weeks of a baby's life.

I would simply observe your baby's natural development, you would not need to change your normal routine. It would be a privilege to be welcomed into your home, and I would be there purely to observe and learn, without judgement. By taking part, you would be supporting both my professional training and the future children, young people and families I will work with.

I am fully DBS checked and a mum of three children.

Thank you in advance for your consideration!

Please message me on 07887 678 690 or email me on lsevanot@btinternet.com if you think you may be able to help or would like to ask any questions.
