PROFILE

Friendly and enthusiastic Teaching Assistant with several years' experience working with children across nursery, private childcare and international settings. I'm passionate about early development, building confidence, and helping children feel secure, happy and curious in their learning.

I work well in busy, hands-on environments and bring a calm, positive energy to the children I support. I'm now looking to join a school long-term and grow within a supportive teaching team.

CORE SKILLS

- Supporting early years and primary-age children
- Encouraging confidence through play and structured learning
- Helping with early reading, language and basic numeracy
- Positive behaviour support
- Creativity, music and activity planning
- Strong communication with children, staff and parents
- Flexible, hands-on approach
