

FALKNER HOUSE

Y4 vs St Philips Match report Tuesday 22nd September 2026

Albion

Falkner House Year 4 Albion put on a masterclass in team football, securing an emphatic 7–0 victory over a resilient St Philips side.

The match opened as a highly contested affair, with both teams working tirelessly off the ball and creating promising early opportunities in front of goal. The deadlock was broken after five minutes of high intensity play when Louis burst through the St Philips' defense, showing excellent composure with a clinical finish to put Falkner House ahead.

Once the first goal landed, Falkner House settled into a fluid rhythm. A key factor in the match was Falkner House's tactical use of their substitutes to keep energy levels high, while St Philips, playing without any bench options, began to fatigue under sustained pressure. Albion capitalised on this advantage by moving the ball quickly and accurately across the pitch, tiring out the opposition and opening clear pathways to goal.

The goals soon began to flow in abundance. Louis set the tone early with the opening goal, paving the way for Adrian, who was unstoppable in attack as he netted an impressive hat-trick. Ryan added to the tally with two goals following a display of fine

finishing, while Imran joined the scoresheet with a great strike of his own to round off an outstanding 7–0 performance.

Rovers

Falkner House Year 4 Rovers began their first football fixture of the year, with a dominant 3-0 win against St Philips. The boys started off the first half very strong, with very good passing and putting pressure on the St Philips defence to reclaim the ball. Rovers did get the goal they deserved before half time, Leon with a long distance shot which looped over the keeper. 1-0 to Rovers at half time.

The second half saw all 5 players substituted to manage the minutes, but the intensity stayed the same. Rovers continued to dominate the game searching for the second goal, and they did albeit through fortunate circumstances, it came from a corner from Mika which the defence couldn't clear and the ball sneaked in for an own goal. Soon after it was 3-0, Mika with a powerful shot, giving the keeper no chance, scoring on his debut.

A great performance from the boys from an attacking sense, our keeper and defence weren't tested at all, due to the desire of the midfielders and forwards to get the ball high up the pitch. Well done boys!
